

CALIFORNIA GARDENERS' CLUB

We are a very friendly and sociable club based around our interests in gardening and nature. We hold a monthly meeting, usually in the Finchamsptead Ratepayers' Hall but currently via Zoom. We have guest speakers on a wide range of interesting topics involving not only gardening but also the natural world. We also offer a monthly newsletter, access to a trading hut at reduced prices, two shows a year and a tool sharpening service. Membership is free for 2021, so why not give us a try? We always welcome new members. Go to the website www.californiagardenersclub.co.uk for more information. You can contact the Chairman Dick Hawes at californiagardenersclub@gmail.com.
