

We need you!

Our team are doing the best that we can - but there are more people needing help across Wokingham Borough than we can take on.

In the first five months of 2022 we helped 2,795 people to find a way forward with their problems.

We need 20 more volunteer trainee advisers on our team - you'll receive full training and support throughout.

You'll make a difference on issues around benefits, debt, housing, employment and more.
